About Wine Fest

Wine Fest Fort Collins was created in 1982 and is the primary fundraising event for Disabled Resource Services (DRS). The event features 500+ wines by over 150 Colorado, domestic, and international wineries, local craft brews and some of Northern Colorado's best cuisine.

About DRS

DRS provides services for individuals living with disabilities in Larimer and Jackson counties. It is one of nine Centers for Independent Living in Colorado. The program, Access to Independence, addresses a range of circumstances and fulfills critical needs to assist people of any age and with any disability in increasing their independence and quality of life. As a private 501(c)(3) organization, DRS receives over 6,000 requests for assistance each year.

Auctions

Fill your glass with wine and your heart with compassion by donating to Wine Fest's silent auction. The auction plays a vital part in the success of this fundraising event. In 2020, the auction portion of the event raised over \$20,000 to benefit people with all kinds of disabilities. Your support of the silent auction is paramount in helping DRS continue to provide services to people with any type of disability and of any age. All donations are tax-deductible. Your generosity is truly appreciated by DRS staff, the Board of Directors, the Wine Fest committee and, most of all, our consumers. Donation ideas:
